

Product Code: EA-INT-U

## Universal Interface

- Compatible with Escort Junior, Junior High Temperature (both Stainless and Polysulfuone cases) Autoclave and iLog data loggers.
- Does not require an Interface Adapter (JA-INT-SSC) to download high temperature logger data to a PC.
- Connects to PC via DB9 connector cable.
- Made from Macromolecule Polyvinyl Chloride, the interface can withstand logger temperatures up to 125°C (257°F).

### ESCORT Universal Interface - Specifications

Compatible with	Autoclave
	Junior
	iLog
	High Temperature
Size	Diameter 80mm, Height 40mm
Weight	50 Grams
IP Rating	IP51
Maximum Surface Temperature	125°C (257°F)
Warranty	12 Months

**Caution:** The interface can only withstand loggers that are of high temperature, not high temperature environments.
